Class Rank: BSGE does not rank its students due our relatively small senior class size. This year's graduating class has 78 students.

GPA: BSGE does not calculate grade point averages. We encourage colleges and universities to evaluate our students based on the Middle Years Program and IB Diploma Program grading scale of 1-7. Grade descriptors are provided with our student transcripts.

Courses: The Baccalaureate School for Global Education consists of both a Pre-IB Program (grades 7-10) and a Diploma Program (grades 11-12).

The Pre-IB Program prepares students for the Diploma Program and New York State Regents Examinations, integrating five areas of interaction: Approaches to Learning, Environment, Community and Service, Health and Social Education and Homo Faber (man/woman the maker). To enhance their academic program, all Pre-IB students are required to perform 100 hours of Community and Service activities. Upon completion of the tenth grade, students must submit a creative personal project, reflecting his/her experience in the Pre-IB Program as well as demonstrating the skills they have acquired in approaches to learning.

Courses (continued): The Diploma Program is an advanced course of study leading to examinations in six academic areas: English, Second Modern Language, Individuals and Societies, Experimental Sciences, Mathematics, and Arts and Technology. The academic content of the Diploma Program ensures that students develop mastery in the great traditions of learning: languages, humanities and the sciences. Participants are assessed by external examinations, student portfolios and evaluated projects. Diploma candidates must also satisfy three special features in their program: the Theory of Knowledge course, 150 hours of Creativity, Action and Service activities and an extended essay of 4000 words.
